## Fun times include Mall time

What's so alluring about a "Mall"? Almost any evening of the week, you can find a rainbow of school jackets at the Southlake Mall in Merrillville. What's the attraction? Maybe it's just the place "to be" in the 90's.

Seven RF students traveled to Southlake during the Christmas holidays to sample the variety of activities that the Mall provides and to drop off their Christmas wish list to Santa Claus.

It's impossible to *Remember the Times* without remembering the "Mall" time. Forget trying to analyze the magnetism of the "Mall." It is a fun, social gathering place in the 90's, and fun is rarely interesting to analyze.

**6:** Senior Jenny Kaehler tries a game at Aladdin's Castle. **7:** Leather goods at Berman's catches the attention of Marisol Cisneros and Jamie Massey.

# Ingots Remember the Times at RF

At the end of the school year many students were looking back at all the memories. While you were at school, at home, or even at work, you often heard the question "Do you remember?"

During the school year many moments were shared together by the students, faculty, and administrators. Sit down and meditate about how life could or would be if you didn't remember all those special times, the times you gathered together with friends and enjoyed those moments.

*"What classes do you have?"*

*"Classes? Are you crazy? I'm thinking about the fun stuff!"*

*"Now, what's fun about school starting?"*

*"Well, how about Homecoming? Football? Spirit Week?"*

*"Oh, yeah, that stuff."*

*"Well, if not that, what about English, math or P.E.?"*

*"Actually, I was thinking*

*more about lunch time and weekends. Of course, I'm really looking forward to getting up early in the mornings and doing homework. NOT!"*

*"Oh, it'll be OK. You just like to complain."*

*"I just want to make sure that I have some fun so I Remember the Times when I'm old."*

# Ingots finish season .500

The 1992 River Forest Football team finished the season with 5 wins and 5 losses. "At first, we lost to Whiting. Everybody was down, but we pulled together to win a close game against Kankakee Valley, our first conference game," said senior halfback Richie Otero.

The Ingots, playing with fresh starters on the line, did exceptionally well considering the backs were averaging four to five yards per carry. Starting quarterback Jake Lewis, junior, ran the offense slow at first, but was able to read the defenses and choose the right plays.

1: Senior defensive tackle Chuck Horn hits the opponent in the backfield for a loss, while junior Chris Neyhart closes in. 2: Sophomore Adam Creasbaum kicks the extra point, while senior Richie Otero holds. 3: Senior halfback Mark Grissom avoids being tackled to gain more yards. 4: Breaking through the line, Richie Otero, gains yards due to excellent blocking.

The highlight of the year was when River Forest hosted Momence for Homecoming. Coach Tom Redman had to play opposite his son, who was the Momence football coach. The outcome of the game was River Forest on top 21-8.

Entering the playoffs, River Forest defeated North Newton 27-6. The following week River Forest fell to Rensselaer, therefore closing the season.

# Corporation receives new name

**Mr. Jack Ford**  
High School Principal

**Mr. Robert Marszalek**  
Junior High Principal

What's in a name? Faculty, students, and administrators debated that question during the year. The result of the debate? The name of the school corporation was changed from Hobart Township Community School Corporation to River Forest Community School Corporation. The Administration and school board polled students in the elementaries, junior high, and high school concerning their name choice.

Administrative officials also spent the year reviewing curriculum and financial concerns.

1: River Forest Community School Corporation School Board. Board Member Mr. Harry Pedroza; Board Member Mr. Harry Leonard; Board Vice President Mrs. Maureen Alfano; Board President Mrs. Lois Baker; and Board Secretary Mrs. Karen Muha. 2: Mr. Gerald E. # Administrative staff provides assistance

1

What do you consider to be the hardest job in a school? You might think it's being a teacher or a principal. However, the toughest job belongs to the school clerks, cafeteria staff, and custodians.

Just imagine being a clerk and needing to know all the students' names or being required to file all the paper work that goes through the office.

Or imagine being a cook who has to decide how much food to provide for all the students grades 1-12. The cooks even manage to make a variety of food for the students to choose from. Finally imagine being a custodian.

The custodians have to repair whatever breaks; from a broken heater to a leaking ceiling. They are also in charge of keeping the halls and classrooms clean. So if you think it's easy being a school clerk, cook, or custodian, you should consider their valuable contributions to the school.

# Students gather for Turnabout '93

The Senior Class presented "One Moment in Time" for the 1993 Turnabout. Dee-jay for the dance was Alex Mosqueda, a sophomore at River Forest High School. The dance took place in the elementary school gym on Saturday, January 30, 1993. The tickets were \$15.00 per couple. About 52 couples attended. For refreshments cookies and punch were served. Pink and black balloons decorated the room and a moving carrousel accented the dance floor.

Refreshments were served to add taste to the evening.

As Friday, February 26 approached, many students were exhausted after a full week of Basketball Homecoming activities. Activities ranged from decorating halls to a victory on Friday night against Hanover Central. Other activities included Spirit Week, Miss and Mr. Ingots, and Miss Basketball.

The Boys Varsity team ended their regular season with an 11-9 record. In the 1993 sectional the guys beat Lake Station in the first game, but lost to Merrillville in the second one. The four seniors that competed in sectional were Joey Ondo, Richie Otero, Tony Flores, and Johnny Gutierrez. This was the best winning season since 1985. Ingots went into overtime during the Wheeler game and won.

"The boys were close and worked hard even when competing. They were always gentlemen," said Coach Detterline.

## JH, Frosh, JV compete in basketball

The JV lead by Coach Joe Burleson ended with a season record 2-18. Part of the reason the JV did not have an outstanding year was due to the "lack of ball handling skills and a height disadvantage," stated Coach Burleson. He added that Joey Gallagher was the most improved member of the team because of his good attitude.

As for JH basketball, the eighth grade, coached by Mr. Doug Gerber, ended with a 5-8 season. Although the statistics didn't show a winning season, the players felt they had achieved their goals by improving their skills.

# Yearbook staff changes its style

A seasonal approach to the organization of a yearbook was the major change in the 1993 Ingot. Staff members decided early in the school year to organize the book around three seasons: fall, winter, and spring.

During the year, fundraisers, such as a fruit sale, button sale, carnation sale, and wicker chair pictures, were needed to help cover the expenses of the yearbook. The Senior Class raised the revenue for senior color.

Leading the staff were co-editors Ana Bran and Jennifer Kaehler, seniors. They and several other staffers attended a Walsworth workshop at Star Plaza in the fall to learn more about yearbook production.

# RF Press explores broadcast journalism

1

Staffers for the 1993 Ingot Informer Newspaper took a slightly new route to get the news to students during the school year. Although the school year began with the monthly publication of the school newspaper, equipment problems soon required the staff to look to video to present the news.

New computers were ordered for the classroom but did not arrive as planned. While awaiting the new equipment, Co-editors Christine Patterson and Christina Fuentes, seniors, and Mr. Davee Muir, adviser, divided the staff into two broadcasting teams to produce the monthly telecast. The two groups practiced before the final tapings. Remote tapings were recorded to help capture some of the excitement of the events covered. Staffers gained experience behind as well as in front of the camera. Students wrote scripts, operated cameras, and produced backdrops for the final monthly newscast to students.

## Squad posts 6-1 season record

RF's 1993 Girls Track Team achieved their most successful season record in several years. The squad finished with a record of 6-1 in dual meets.

During the season, the team strung together a six-meet winning streak. The squad also managed a strong showing in the Hanover Relay meet, placing second out of six participating schools. The girls also placed third in the Northwest Hoosier conference meet.

Serving as captains this year were senior Michelle Baldauf and junior Marisol Cisneros. Freshman Melissa Piunti also qualified for state competition in Indianapolis. Melissa placed eighth in the 3200-meter run.

Louis Mefford received an honorable mention in the North West Hoosier Conference and was the team's Most Valuable Player. Harvey Douglas was the squad's Most Improved Player.

The top five golfers on this year's team are slated to return in 1994.

# One! Two! Three! Strikes you're out!

As the baseball team headed out for a rough season, the ball was not the only thing flying through the air! Throughout the season the squad had a bumpy ride, posting a 12-14-1 record.

Whether the game was a win or a loss, the boys always seemed to remember the good points of the game. Toward the end of the season when competition was of high extremes, the boys showed good sportsmanship.

Cheerleaders

## Squads yell for RF!

River Forest's cheerleaders experienced some changes this year. The varsity squad attended camp at St. Mary's at Notre Dame University while the junior varsity and freshman squads participated in camp at Valparaiso University for a week and learned new cheers and dances.

LeAnn O'Kelly replaced former Coach Pennie Bailey, who resigned in the middle of the season. Another change was the selection of a captain, four-year squad member senior Yolanda Zambrana.

Lunchtime gives seventh graders  
Stephanie Jansen and Stephanie Brown a  
chance to relax from the middle school  
routine of changing classes every period.

1: Mr. Weldon Slater introduces the Vandercrook College Jazz band to Junior High students. 2: Humanities class members work in groups preparing for the next competition. Mrs. Kathy Hooks answers student questions. 3: Students in Mrs. Pat McNabb's quest class sit to talk about their life experiences.

1

3

4: During speech class, Kevin Ranke, sophomore, explains how to replace a worn out engine by showing how to align the gears and reinstall the electrical system. 5: As a history project, Ricky Mosqueda, junior, explains to his class his Mexican cultural heritage. 6: During art class, sophomores Edwin Burgoa and Lynette Parks work anxiously on their art projects.

4

# Exploring the arts and humanities

Humanities and fine arts classes were quite active throughout the school year. Mr. Robert Grenert's U. S. history class conducted a Cultural Fair.

The foreign language area started the year with a new French teacher, Mrs. Mellisa Johnston. The new staff member graduated from the University of Pittsburgh.

Band classes viewed a performance from the Vandercook College of music in March.

The English faculty also had a new member this year. Mr. Doug Gerber joined the staff in the fall.

# Gaining science and mathematics knowledge

Falling behind in basic science and mathematics skills is something no student wants to do. If they do fall behind, catching up can be a real struggle.

RF offered a variety of courses to satisfy students' science and math needs. Courses included environmental science, earth science, biology, chemistry, physics, general math, consumer math, algebra, geometry, trigonometry and analytic geometry and computer programming.

2

3

1: Reviewing a printout, junior Melissa Cole completes an assignment in computer programming. 2: Freshman Dawn Weger carries out a lab experiment in seventh hour Biology I. 3: Mr. Davee Muir discusses the current procedure to finish her computer program with senior Missy Martin.

4

4: Taking notes during a lab experiment, freshman Sarah Rogers and junior Jeremy Criswell participate in Biology I. 5: Awaiting further instruction during lab, freshman Darlene Buchko uses a microscope in Biology I. 6: Sophomore Jennifer Eich and junior Catrina Ayala work on assignments in computer programming.

6

# Classes stress practical skills

1: Mr. Fred Baker's first hour typing class use their skills to work on the day's assignment. 2: Junior Shawn Miller works in metal shop to complete his project. 3: These students concentrate on their work to finish before the bell rings. 4: Sophomore Jason Pieschala and Mr. Dan SiFord work together on Jason's project to determine the next step. 5: Sophomore Betty Owens and Junior Elizabeth Piunti take time to decorate their cookies for Mrs. Patricia Sisk's second hour first year foods course. 6: Kevin Hoohbar gets the top view of his woods project while evening out his side board during woodshop. 7: Mrs. Patricia McNabb cuts off the excess material from Maricia Thomas's project. 8: First year student Maricia Thomas examines the machine to make sure it's properly set-up.

When students say "I can't wait until sixth hour," they may not be talking about math, science, or English. There is so much more than that when it comes to classes. Students could have chosen several elective classes depending on interests and individual goals. These electives included a variety of business and practical arts courses. Classes like sewing and foods were taken for homemaking knowledge.

Various woodshops, metals, and drafting classes were also popular.

# PE students exercise for fitness

1 Each year all freshmen are required to participate in a physical fitness program. During this year, they learned the fundamentals of tennis, basketball, and volleyball. Two weeks out of the semester, a fitness test was held. The mile, 200-meter run, and other tests were given.

A weightlifting class was also offered by the department to build muscle and strength. The class also played dodge ball on Fridays.

2

1: Freshman Chad Guined pulls back his tennis racket as he prepares to serve the ball across the net to his opponent, while freshman Chad DuShane looks on.

2: Freshman Paul Matherly takes in the rays. He enjoys modeling his equipment for his classmates.

3: Freshmen Erin Hendrix and Mark Baker relax for a moment as they await the beginning of their match.

# Look to the FUTURE

Whew, the final deadline!"  
"Yeah, it feels great!"

"It was a lot of work, but I think that the staff's done a good job. We'll always be able to *Remember the Times* on staff."

"I guess I'll remember the birthday parties and the lost computer disks."

"I'll remember trying to write captions for photos, and I'll probably always write them in my sleep."

As **co-editors of the 1993 Ingot yearbook**, we wish to thank the members of our staff and our adviser, Mrs. Natalie Keller. We also appreciate the assistance of Mr. Gerald Gaydos, Mid-states Photography; Mrs. Valerie Tanke, Walsworth Publishing; and Miss Francie Blaney, consultant.
